Also some dev ideas are servers and clans, allowing pvp and team pvp ant team v missions would be cool, some more ships might be cool, other than that this game is great and could grow into a amazing game.. Jul 7, 2013 - Download Cracked iOS and OS X Apps and Books for Free, New Apps and Books Updated.. You will be competing against Warships from around the world Elioytehpilot First of all, i love this game, it allows you to build your own warship, to your desire, and sail it against naval legends! Its the only game out there that allows that, i highly recommend this game to anyone, though it has some flaws, first of all, it could use a better tutorial explaining building and warship design, related to class and how different jobs influence design, Conscripted alchemist has some awesome videos explaining this, another problem is stability, i get it, I'm running a iPod 5th gen.

May 9, 2013 - Battleship Craft--A great BR Parallel Your searching for the enemy when out of no where a crack goes off and your ship turns into a fireball.. Fossil and gameplay is still great but my client crashes a lot on launch so i cant play, please invest some time into this,maybe you could make some way to exchange gold for crystals because you don't need to buy crystals and people often wont because its not pay to win thank god, maybe 50k for 1 crystal and free some planes up instead of string bag and camels.. Build the strongest Warship in the world - Check out the Leader Board! * Realistic Physics Engine Your Warship's performance in buoyancy, speed, durability against attacks, all depends on the parts you use.. I hope you can implement some of this and make this a great game! I recommend this game to anyone who likes military history and design.. Finally could you lower the prices of pretty much everything by 20% or so because it take Soo long to get enough resources to build even a decent Battle Cruiser.
