Netgear N300 Usb Adapter Drivers Was wondering if anyone has had luck with using the Netgear N300 USB wireless adapter (aka WNA3100).. I managed to get hold of a FREE Netgear Wireless USB adaptor, so decided to give that a try.. And there are a few sites out there that quote the above site as an option I gave up, but found this site: This WORKED! Although it doesn't have an application with it to configure it, all configuration is done through the Networks Pane of System Prefs, so there is no way of knowing signal strength, or to configure encryption.. NETGEAR genie® makes it easy to setup and monitor your network Parental controls keep your Internet experience safe and secure With wifi, Network Interface card driver is available here.. N300 WiFi speed lets you simultaneously download, stream music and video, and game online.. I've searched the web, found less than nothing in the way of drivers When I checked System Profile it listed it correctly but couldn't make use of it.
